This section explains how we and you comply with data protection laws in connection with the processing of your employee's personal data.

- Record the data accurately
- Keep the data confidential and secure
- Use the data solely for the purpose of quoting for, providing and administering the policy and for marketing other Unum products to you
- Retain the data only for as long as is necessary
- Only process, transfer or permit access to any personal data outside of the European Economic Area in compliance with applicable data protection legislation

You are a Data Controller for employment purposes. You must:

Section 3 - to be completed by Employee

Information the employee needs to know before completing the rest of the application

This application is the basis of our contract with your employer and we rely on the information you give us in the form to make our decision about providing the insurance. In most cases, we expect to make a decision without additional evidence, but this depends on how much you tell us.

To allow us to process your application as quickly as possible and reduce the need for further enquiry, we need you to answer all our questions clearly (IN BLACK INK AND BLOCK CAPITALS) and in full.

We explain in some of the questions how we expect you to answer them. Please take this guidance into account when you make your statements to us. We require you to confirm you have done this when you sign the form at the end.

If you are in any doubt about the need to tell us something, you should give us the information in full as it is better to tell us a fact that turns out not to be relevant to the risk than to miss out something that later causes a problem.

If something you have told us changes after you have sent us the form but before we have confirmed your cover has started, you must write in to update us.

We regard you as entirely responsible for what is disclosed to us so, if you do not complete the form yourself, we expect you to read carefully all the statements, our guidance and all your declarations in it before you sign it.

If at any time after you have submitted this application we find you have not given us the information needed to assess the risk in full, we may change our underwriting decision, we may refuse a claim and we may withdraw some or all cover.

J. Additional information

Please use this page if there was insufficient space for you to give a full answer to an earlier question. You should indicate the name of the section and the question number you are answering.

Please read these notes carefully - they outline your statutory rights concerning the processing and use of information relating to your application.

How we shall request reports about your medical history

We may need to get medical reports to support your application. Before we can ask any doctor that you have consulted to fill in a report, we need your permission under the Access to Medical Reports Act 1988. Your rights under the act are as below.

You do not have to give your permission, but if you do not, we may not be able to go ahead with your application. This does not prevent you from applying to other companies for insurance.

You can ask to see the report before the doctor returns it to us. If this is the case, we will tell the doctor to keep the report for 21 days so that you can arrange to see it. If you have not made arrangements to see the report within this time, your doctor will send the report to us.

If you choose not to see the report at this stage, you may ask the doctor for a copy within six months of it being sent to us. There may be a charge for this to cover the doctor's costs. We can send a copy of the report to your doctor if you ask to see it at a later date.

If you think that any part of the report is not correct or is misleading, you may ask the doctor to amend it. If your doctor refuses to make the amendments, you may ask him or her to attach a statement outlining your views, which will then accompany the report.

Your doctor can withhold access to the report if he or she feels that it would cause physical or mental harm to you or others.

The medical report your doctor fills in asks about the following:

- Your current health.
 - Any care, medication or treatment you are currently receiving.
 - The results of referrals or tests you are waiting for.
- Any time off work in the last three years.
- Your past health.
 - Details (excluding minor self limiting ailments/conditions) of any relevant illness, trauma, or referrals for specialist advice or treatment, hospital admissions, consultations with your GP or any other medical adviser, therapist or counsellor, in particular whether you have a history of:
 - malignancy (cancer), cardiovascular (heart) disease, diabetes, and degenerative (gradually worsening) diseases;
 - musculoskeletal disease or injury, for example, arthritis, rheumatism, back problems or any other disorder of the joints or muscles;
 - anxiety, depression, neurosis (such as phobias, obsessions and so on), psychosis (a mental disorder where you lose contact with reality), stress or fatigue;
 - suicidal thoughts or attempts at suicide; or
 - conditions related to drug or alcohol misuse or smoking or chewing tobacco.
- Details of any biopsies, blood tests, electrocardiograms (heart tests), height, weight if measured in the last two years, urinalyses (tests on urine), x-rays or other investigations.
- Any blood pressure readings in the last three years.
- Any history of disease among your parents or brothers or sisters that you have told your doctor or another healthcare professional about.

We ask your doctor not to reveal information about:

- negative tests for HIV, hepatitis B or C;
- any sexually-transmitted diseases unless there could be long-term effects on your health; or
- predictive genetic test results unless there is a favourable test result which shows that you have not inherited a condition your family suffers from.

The information you and your doctor provide about your health may result in us:

- providing cover on standard rates;
- increasing premiums above standard rates;
- setting exclusions or postponing cover;
- refusing to provide insurance; or
- withdrawing cover.

If you have any questions about your rights under the Act or questions relating to the process of getting, assessing or storing medical information, please contact us by email at muw@unum.co.uk

As part of our ongoing quality control process and to review the accuracy and completeness of the information given we may request a medical report within six months of the start of the policy. If your application is selected we will use your signed Declaration to authorise us to contact your general practitioner (GP) and we will inform you that a medical report has been requested.
