

Cancer in the Workplace webinars

Unum is continuing its long-term partnership with cancer charity Maggie's to bring you a series of webinars throughout 2020. These aim to provide expert guidance for HR Professionals and Line Managers on how to support employees going through cancer.

There is an ever increasing need to provide expert support and guidance to employers and employees affected by cancer. The number of cancer cases is projected to rise by more than 40% to around 514,000 new cases per year in 2035¹, with 1 in 2 people developing cancer at some point in their life².

Sessions will cover:

- The emotional, physical and psychological needs of employees with cancer
- Strategies and insights into how to approach situations with knowledge, empathy and understanding
- Creating the right framework to support and manage employees with cancer

All sessions are delivered by a Maggie's cancer expert and Unum Vocational Rehabilitation Consultant.

¹ State of the Nation April 2019, Cancer Research UK

² Trends in the lifetime risk of developing cancer in Great Britain, British Journal of Cancer

2020 Schedule

Our interactive webinars encourage questions and discussion, ensuring that you get the most out of the session.

Due to COVID restrictions we have replaced our face to face sessions with additional webinars. As well as the key topics outlined, Unum and Maggies can share their insights on the impact of COVID 19 on those impacted by a cancer diagnosis, safely and to a wider audience. There is also the opportunity to ask questions and get advice from the experts.
